â¢ Architecture & Platforms: Micro frontends, design systems, modular monorepos, WebSockets, SSR/ISR, CI/CD, Docker, Kubernetes  
â¢ Tooling & Testing: Redux Toolkit, React Query, Zustand, Jest, Testing Library, Storybook, Cypress, Docker, CircleCI, Jenkins  
â¢ UI & Styling: Tailwind CSS, SCSS, Material UI, Ant Design, Motion/animation libraries  
â¢ Datastores: PostgreSQL, MongoDB, TypeORM  
â¢ Ways of Working: Accessibility, Clean Architecture, Agile delivery, cross-functional collaboration, stakeholder management

## EXPERIENCE

Peoples Trust â¢ Senior Frontend Developer (Feb 2022 â Jun 2025)

â¢ Led frontend rebuild of PayPower prepaid ecosystem (web + React Native), improving onboarding funnel, reducing bugs by 30%.

â¢ Introduced component library + design tokens shared across client and admin portals, reducing release time by 50%.

â¢ Balanced legacy maintenance with modern architecture: migrated Redux sagas to RTK Query, added automated tests.

Morpho â¢ Frontend Team Lead (Jun 2020 â Jan 2022)

â¢ Managed a distributed squad delivering CRM, logistics, and mobile banking apps across React and React Native.

â¢ Defined coding standards, CI pipelines, and code-review rituals that cut bug backlog by 45% and boosted speed by 20%.

â¢ Partnered with clients to scope solutions, built PoCs for WebSocket chat, push notifications, and offline-first features.

THE Lobby â¢ Frontend Developer (Sep 2019 â Mar 2020)

â¢ Built premium social network experience with Matrix-protocol messaging, encrypted profiles, and Stripe-powered payments.

â¢ Authored full design system with light/dark theming, dramatically speeding up feature delivery and ensuring visual consistency.

Staffy LLC â¢ Frontend Developer (Feb 2019 â Aug 2019)

â¢ Developed modular HR platform covering hiring funnels, analytics, and subscription billing; implemented real-time reporting and dashboards.

Freelance Mobile Engineer (Oct 2018 â Jan 2019)

â¢ Delivered blockchain-backed messenger with integrated commerce using React Native + Expo and .NET Core.

Pronet LLC â¢ Junior Frontend Developer (Jan 2018 â Sep 2018)

â¢ Built and maintained internal portal tooling, gaining foundational expertise in CSS architecture and CI automation.

## HIGHLIGHT PROJECTS

â¢ PayPower Fintech Suite â¢ Multi-platform prepaid banking experience with instant reloads, FATCA/KYC workflow.

â¢ Staffy Recruitment OS â¢ Three-sided marketplace with advanced search, messaging, and payments for employees.

â¢ Tutor.az Learning Marketplace â¢ Matching students to tutors with scheduling, payments, and video integration.

â¢ Yunik B2B Commerce â¢ Uniform procurement platform with custom order flows, analytics, and corporate billing.

## EDUCATION

Baku State University â¢ Bachelor of Science, Computer Science (2017 â 2021)

## INTERESTS

Travel, gaming, motorsports, and exploring emerging fintech products.
